VINOTHKUMAR P

UI Developer

asmitha.vino@gmail.com • +91 94885 18133 • Chennai, India.

PROFESSIONAL SUMMARY

Results-driven **UI Developer** with over **9 years of experience** in architecting responsive, high-performance web interfaces. Expert in **React.js**, **Tailwind CSS**, and **Figma**, with a proven track record of transforming complex designs into pixel-perfect, production-ready components. Adept at leading front-end initiatives, optimizing UI performance, and collaborating across cross-functional teams to deliver scalable, user-centric solutions in technology and healthcare sectors.

WORK EXPERIENCE

UI Developer

February 2020 - February 2026

eNoah iSolution Pvt Ltd • Chennai

- Engineered responsive and reusable UI components using React.js and Tailwind CSS, significantly improving front-end development efficiency and code maintainability.
- Transformed complex Figma mock-ups into pixel-perfect, production-ready interfaces, ensuring high-fidelity design implementation across all platforms.
- Architected interactive dashboards, including a Skillset Matrix and Floor Plan UI, enhancing data visualization and user engagement for internal tools.
- Optimized UI performance and cross-browser compatibility, resulting in a smoother user experience and reduced page load times.
- Collaborated with cross-functional teams to streamline the design-to-development workflow, reducing turnaround time for new feature deployments.

UI Developer

July 2019 - February 2020

iGrid Consulting Service Pvt Ltd • Chennai

- Developed 10+ reusable UI components using HTML, CSS, and JavaScript, significantly accelerating development cycles and ensuring design consistency.
- Collaborated with a cross-functional team of 10+ developers and designers to deliver high-quality, responsive web pages.
- Improved user experience through structured layouts and clean UI components, ensuring seamless performance across diverse devices and browsers.

Web Developer

November 2017 - April 2019

Vistara Health and Technologies Pvt Ltd • Chennai

- Contributed to the product-based healthcare platform "HealthOyo" by designing and maintaining responsive web applications. Developed scalable user interface components utilizing HTML, CSS, Bootstrap, and jQuery.
- Integrated new components while ensuring cross-browser compatibility and optimizing performance. Collaborated with cross-functional teams to enhance user experience and improve platform stability.

Web Designer July 2014 - September 2016

Winnipeg Technical Services and Solutions

- Collected client requirements and developed website mock-ups utilizing Adobe Photoshop. Transformed designs into responsive, SEO-optimized web pages employing HTML and CSS.
- Developed and customized websites using WordPress and Joomla content management systems.
- Implemented basic jQuery to enhance user interface and incorporate interactive elements.
